EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis Flaherty on March 7, 2005.

The application has been amended as follows:

In Claim 19 and 22-24, lines 1-2, "claim 16" has been changed to --claim 14--.

In Claims 20 and 21, lines 3, "grippers" has been changed to --arms--

Claims 26-28 and 30 have been canceled.

Remarks

2. Applicant's amendment and arguments in support thereof dated December 15, 2004, with regards to independent claims 1 and 14, have been found persuasive.

3. Claims 19 and 22-24 depended from canceled claim 16. See Claims dated December 15, 2004. The amendment above was made to reconcile this problem and to provide proper dependency of the claims.

4. Claims 20-21 lacked antecedent basis for "grippers." Claims 14 (for which they depend) uses "arms" for these structural features.

5. Independent Claim 30 and depending claims 26-28 were canceled. The Examiner believes that these claims either would still be anticipated or would have been

obvious in light of Laguerre in view of the state of the art for teaching a flangeless zipper strip. See Col.2, lines 30-33.
